Hello interns,

We have uploaded research paper format on the G-drive in the folder named as (Research paper) .

Ya'll have to fill the information in the following format

We have made one new folder named as **report submission** and we have provided everyone it's access so that ya'll can upload your report in the same folder.

How to upload the report?

Make a folder inside the folder named as **report submission** and give a name as your **Certificate code_name** and also have to give the *same name to your report as well*.
